

Assignment 3: A Real English Phone Conversation

For this assignment you will make a real phone call in English to a hotel in Australia or New Zealand. This assignment will have 3 parts: preparation, phone call, and reflection.

Part 1: Preparation (Due May 19th)

-Find the phone number for a hotel that you would like to call in Australia or New Zealand. *Write the name of the hotel and the phone number clearly on your assignment.*

-Write 1-2 sentences that you will use to start the conversation.

-Write 5-6 questions that you would like to ask in your phone call.

-Write a list of 10 vocabulary words that you think would be useful for your phone call.

-Write 1-2 sentences that you will use to end the conversation.

You should follow the same format as the worksheet we used in class; assignment must be typed

Part 2: Phone call (Phone calls will take place on May 26th)

-You will use Skype to call the hotel of your choice.

-I will pay and set up Skype for you in the classroom.

-No one will be in the room with you when you make your phone call. No grades will be assigned to this part of the assignment – so just do your best and don't worry too much. ☺

Part 3: Reflection (Due June 9th)

-Think about your phone conversation and write a half page reflection (200-300 words). Please answer these questions in your reflection:

- How did you feel before, during, and after the call?
- Were your questions understood?
- Did you understand the answers?
- How could you improve your ability to make phone calls in English?
