For this assignment you will prepare a 3-5 minute presentation to explain a PowerPoint slide that you have made.

What do you have to do?

- Choose one of the slides on page 84 of your textbook.
- Make a new PowerPoint slide based on the information from the slide you chose; you are not required to use *all* the information from the slide you chose – use your own judgment regarding what is important.
- Use PowerPoint to make your slide (only make one slide).
- Print your slide (it should be as big as an A4 paper).
- Prepare a short (3-5 minute) presentation to explain your slide; you must use phrases from page 21 in your presentation. You will give your presentation to a small group in class.
- Hand in your slide to the teacher after your presentation.
- **Do not** draw your slide by hand – you must use PowerPoint.
